COMBINATION CORE

Brand New!!!!

Mende Board is constructed of veneer core inner-plyes, with 1/8" layers of MDF on the top and bottom of the panel. This is a brand new product for Industrial Plywood that combines the screw-holding capabilities of veneer core plywood, while offering a very smooth surface for painting, applying veneers and other applications as well. We currently have Mende Core plywood (pictured above) in Cherry, Maple, Walnut, Curly Maple and Khaya Mahogany.
